Share happy moments online in QHD resolution !

The Blizzard A350 Pro Webcam

Part of the Blizzard Pro-line, the A350 Pro webcam features a wide field-of-view (90-degrees) and is built with a QHD camera and superior Image Signal Processing (ISP). This professional camera support WDR technology which helps you look your best in any illumination, from low light to direct sunlight. Color temperature is fixed at 5500K which is the European daylight temperature. The built-in dual microphones with noise reduction makes that the sound quality is in line with the video quality.

Features

- QHD (2560*1440) video quality at 30 frames-per-second
- 90-degree diagonal field of view
- Color temperature 5500K (European daylight temperature)
- Plug-and-play USB-C connectivity (separate cable USB-C to USB-A)
- Sensitivity 2400 mv/lux-sec
- WDR Technology ≥ 95 dB
- Dual microphones with noise reduction
- Multiple mounting options

Blizzard A350 Pro Webcam

Product specifications

Resolution	QHD (2592*1944) 30fps
Power consumption	300mA @ 2592*1944 30fps
Sensor size	1/2,5 Inch CMOS-Sensor
Sensor model	PS5520 PrimeSensor
MAX SNR	≥39dB
sensitivity	2400 mv/lux-sec
AEC/Gain/White balance	5500K
Maximum refresh rate	QHD 30 fps
Lens Size	14mm
Focus length	3mm (distortion-less lens)
Diagonal field of view	90 Degrees
WDR-Technology	≥95dB
Number of microphones	2 (stereo)
Operating temperature (ambient)	-10°C to + 60° C
Dimensions	150mm*30mm*55mm
Interface	USB Type-C
USB Cable	USB Type-C - USB Type-A 1.5m

Feature spotlight

QHD 1440P video quality at 30 frames per-second.

Brings QHD video to video calls which enables expressions, non-verbal cues and movements to be seen crisp clear.

USB Type-C

USB type C connection for higher bandwidth.

USB type C connection to support higher bandwidth for 4K video

Plug-and-play USB-C connectivity

Easily connects to PCs or Macs with no additional software required. Camera will be shipped with separate USB-C to USB-A cable.
