

The wired communication tool

Online calls for your ears only!

The Blizzard H4 headset

Versatile digital audio for everyday tasks. The perfect everyday headset with a simple plug-and-play USB-A connection. A noise-canceling microphone reduces background noise and delivers clear digital audio for VOIP and Skype calls.

The perfect headset for voice calls, Skype, webinars and more.

The 220cm long cable is just the right length to give you the freedom of movement you need so you can get up and stretch your legs during long conversations.

Features

- Wired stereo headset for music, voice calls, Skype, webinars and more
- Plug-and-play USB type-A connectivity
- 220cm long cable for free movement
- Noise cancelling microphone for better voice capture and background noise reduction
- Adjustable headband
- Lightweight headband with swivel-mounted PU cushions provide hours of audio comfort.
- Volume and mute control are integrated in the cable.
